Kia Ora Alex,

As discussed, we have reviewed the comments received on the Beachlands Housing Development. Comments from Auckland Council and Auckland Transport are wide-ranging and require technical input from a number of specialists, including the applicant's traffic engineer, civil engineer, geotechnical engineer, landscape architect and ecologist. The date for receiving comments was extended by 5 working days and closed on the 17th December 2021. We understand that the applicant has 5 working days to respond and that a response is due by 17 January 2022. Given the time of year and Christmas closedown period, the majority of the specialists are unavailable before Christmas or on leave till the 17th January 2021.

Given the nature and scale of the response from Auckland Council and Auckland Transport, we consider that technical responses from the applicant are necessary to clarify matters raised and assist the panel. To enable the technical specialists sufficient time to return from leave and provide a response to the key matters, the applicant wishes to request a suspension of processing until 31 January 2022. The suspension will enable the specialists 10 working days when they return from leave to provide a response. The specialists may only require 5 working days, however additional time is required to provide some contingency should additional testing or monitoring be required.

We request a suspension of processing until the **31 January 2022** in accordance with section 23 of the FTCA.

We would be grateful if you could consider our request and provide confirmation or otherwise.

Kind regards | Ngā mihi nui
