Property Council New Zealand (“Property Council”) is the leading not-for-profit advocate for New Zealand’s largest industry - property. We connect over 560 member companies representing 10,000 property professionals who together have a collective \$50 billion investment in New Zealand property. Our membership is broad and includes companies that undertake large-scale residential and commercial development projects, including large commercial buildings, industrial parks and retail precincts where people live, work, shop and play across New Zealand.

Property Council believes in the creation and retention of well-designed, functional and sustainable built environments which contribute to New Zealand’s overall prosperity.

We support legislation that provides a framework to enhance economic growth, development, liveability and growing communities.

We generally favour development and wish the Fast Track Consenting application team well with their endeavours. However, as a membership organisation representing multiple owners and developers our policy prevents us from commenting on a specific site application such as FTC000032 Faringdon South West & South East Development.
