I object to the current proposal. The building is far too tall and we don't need more skyscrapers in Auckland. They destroy the beautiful skyline of the city. Such a tall building near the Sky Tower will totally ruin the landmark view of the latter which is world-famous. The roads nearby will not be able to cope with the traffic generated by first the construction, then the residents / users of the building.

The environmental impacts - noise and air and light pollution
is unacceptably high.

I agree on the redevelopment of
the car park but the new
structure, I believe, should only
be half as tall or big, as proposed.

Best regards,

A large, stylized handwritten signature in cursive script, consisting of a large loop and a long horizontal stroke.
