Notice of consent application by Hiringa Energy Limited and Ballance Agri-Nutrients Limited, and invitation to comment under the COVID-19 Recovery (Fast-Track Consenting) Act 2020

Notice of Consent Application

On 18 August 2021, Hiringa Energy Limited and Ballance Agri-Nutrients Limited (the Applicants) lodged a consent application with the Environmental Protection Authority (EPA) for the Kapuni Green Hydrogen Project under the COVID-19 Recovery (Fast-track Consenting) Act 2020 (the Act). On 25 August 2021, the EPA determined that it complied with clause 3(1) and it was referred to the Kapuni Green Hydrogen Project Expert Consenting Panel (the Panel) for processing and decision.

A copy of the consent application and supporting documents can be accessed on the EPA's website: <https://www.epa.govt.nz/fast-track-consenting/referred-projects/kapuni-new-page/application/>

Invitation to Comment

Under the Act, the Panel must invite comments from specified identified parties, including the owners and occupiers of land which is adjacent to the land on which the project is to be undertaken. You are identified as a person from whom the Panel must seek comment as you own or occupy land at **physical address**, which is considered to be adjacent to the land on which the project is to be undertaken.

If you own the land at **physical address**, but do not occupy the land, could you please inform any occupiers at that address of this invitation to comment on the application. Any occupiers of the property will also receive a letter inviting them to comment, where a postal address for the occupier is known.

Please note that public or limited notification is not allowed under the Act.

The Panel invites you to comment on the above consent application. If you wish to comment on the application, please complete the enclosed form and return it to the EPA by email to kapunigreen@epa.govt.nz, or by post or in person.

Your comments must be returned to the EPA no later than 21 October 2021.

Please note that there is no right for you (or any other person) to seek a waiver of this time limit.

The EPA will forward copies of any comments received to the Applicants and the Panel.

If you comment on the application, the Panel will also invite you to comment on the draft conditions at a later stage. If you do not comment on the application you will be sent notice of the decision on the application when it is made.

Minute of the Expert Consenting Panel

On 30 September, the Panel released Minute 1 which determines the adjacent owners and occupiers that must be invited for comment and confirms the closing date for comments. This Minute can be read on our website at:
