Hi June,

You will see below Council consent staff have checked your proposed conditions and suggested a minor change to one condition. You will also see we have not checked the specifications, such as length, diameter, riprap size etc, to see if they match the application or are otherwise appropriate.

Given the minor amount of time involved the Council will not be invoicing EPA for any time.

Cheers

The only comment I have is:

1. The link in condition 22 should be <http://bit.ly/TRCWorkNotificationForm> i.e. the same as in condition 35.

I haven't checked the figures i.e. I haven't confirmed that specs such as length, diameter, riprap size etc match the application or are otherwise appropriate

Colin/Fred had an input to this process and it is appropriate Colin checks the EPAs proposed consent conditions. Note the deadline and the feedback, if any, should be via myself.

You're receiving this email as you provided comment on the Kapuni Green Hydrogen Project under the COVID-19 Recovery (Fast-track Consenting) Act 2020 (the Act).

**Comment on Draft Conditions**

The Kapuni Green Hydrogen Expert Consenting Panel (the Panel) has issued their draft conditions of consent for the Kapuni Green Hydrogen Project. In accordance with clause 36(1) of Schedule 6 of the Act, the Panel now invites you to comment on their draft conditions (attached).

Your comments must be provided to the EPA by **17 November 2021** as outlined in the attached Minute 5 from the panel. You can also view Minute 5 on the EPA website here: <https://www.epa.govt.nz/fast-track-consenting/referred-projects/kapuni/correspondence-to-and-from-the-panel/>

*Please note, this is an invitation to comment on the draft conditions, as such any comments should be about the draft conditions.*

If you have any questions please contact the Project Leader, June Cahill by email at [kapunigreen@epa.govt.nz](mailto:kapunigreen@epa.govt.nz), or by phone on 021 128 6656.
