Discussion

1. HNZPT supports the deletion of the proposed Accidental Discovery protocol as these matters are covered in an HNZPT Archaeological Authority for the project area.
2. HNZPT supports the inclusion of the amendments sought to condition D12 related to pre-start meetings, with the inclusion of the consideration of the archaeological management plan at the pre- start meeting.
3. HNZPT clarifies the intent of the additional new proposed condition in relation to Historic Heritage Interpretation sought previously, as separate to proposed C7 under Manawhenua, is included into the final suite of conditions.
