Notice of consent application by the Ministry of Health and the Minister of Health, and invitation to comment under the COVID-19 Recovery (Fast-Track Consenting) Act 2020

Notice of Consent Application

On 13 August 2021, Ministry of Health and the Minister of Health lodged a consent application with the Environmental Protection Authority (EPA) for Stage 1 Enabling works for the New Dunedin Hospital - Whakatuputupu under the COVID-19 Recovery (Fast-track Consenting) Act 2020 (the Act). On 20 August 2021, the EPA determined that it complied with clause 3(1) and it was referred to the New Dunedin Hospital - Whakatuputupu Expert Consenting Panel (the Panel) for processing and decision.

A copy of the consent application and supporting documents can be accessed on the EPA's website:

Invitation to Comment

Under the Act, the Panel must invite comments from specified identified parties, including any requiring authority that has a designation on the land on which the project is to be undertaken or land that is adjacent to that land. You are identified as a requiring authority from whom the Panel must seek comment because you have a designation, which is adjacent to the land on which the project is to be undertaken.

Please note that public or limited notification is not allowed under the Act.

The Panel invites you to comment on the above consent application. If you wish to comment on the application, please complete the enclosed form and return it to the EPA by email to Dunedinhospital.fasttrack@epa.govt.nz, or by post or in person.

Your comments must be returned to the EPA no later than Friday 29 October 2021.

Please note that there is no right for you (or any other person) to seek a waiver of this time limit.

The EPA will forward copies of any comments received to Ministry of Health and the Minister of Health and the Panel.

If you comment on the application, the Panel will also invite you to comment on the draft conditions at a later stage. If you do not comment on the application, you will be sent notice of the decision on the application when it is made.
