Tēnā kotuou.

As discussed at the last fisheries trust held on November 26 at Waiwhetū, the trustees discussed the Te Ara Tupua Cycle track developments near the coastline of the Petone foreshore.

The trustees discussed whether the cycle track developments had considered the ecological effects to the shoreline and whether a marine fisheries habitat could be incorporated into the design if near on on the shoreline. Some further information would be most appreciated.

However the fisheries trust do support in principle the development of the Te Ara Tupua Cycle Track.

**Thank you for your comments**
