Wooring Tree Vineyard
Cromwell

To whom it may concern

I own and operate Grape Vision Limited, a vineyard management company that has managed the Wooring Tree Vineyard for three seasons. This includes responsibility for all operations including agrichemical purchasing, storage, handling and application and disposal (if required).

I have read the Opus Detailed Site Investigation Report dated November 2016 and can confirm that nothing has changed or occurred since the date the report was finalised which would alter the conclusions reached in the report.

Please feel free to contact me if further information is required.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "James Dicey".

James Dicey
Director
