Dear Stephan

**Provision of Electrical Supply – Wooing Tree Subdivision Development, Intersection
of State Highway 6 & State Highway 8B, Cromwell, Otago**

Please accept this letter as notification that PowerNet Limited on behalf of Electricity Southland Limited, can confirm there is satisfactory electricity network reticulation in the area, for development of the proposed residential subdivision and retail outlets.

Powernet limited will engage with Aurora Energy for connection to their network.

This will allow for connection at 15kVA single phase or three phase supplies as required of the new development once designed.

Yours faithfully
